

Frequently asked questions

Where can I find my pictures?

Here on the Katie Enciso Photography website. Under Client Galleries. This is a personal, password protected gallery only for you and who you share your password with.

How long should I expect for my pictures to be posted my gallery?

During our slow season expect a 4-6 week turn around, however in our busy season expect a 6-8 week turn around for pictures to be posted to your gallery.

This turnaround time is for all sessions, not just weddings. We don't want to rush the quality for any picture for anyone!

When is your busy season?

Our busy season are our engagement and weddings seasons, this starts in April and runs through November. Our slower seasons are from November through March.

Do all your wedding packages include engagement sessions?

No, our 3 hour package does not include an engagement session, but you can add it on! Our 6, 9 and 12 hour packages do include a complimentary engagement session!

How many packages do you offer?

We offer 4 different wedding packages - ranging from 3 hours to 12 hours of wedding day coverage.

While we suggest two photographers to optimize your best view and story of your day, our 6, 9 and 12 hour packages offer the option of one to two photographers.

Are your wedding packages customizable?

Yes, we customize the wedding packages to meet your wedding day vision and needs for that day. We can add an hour or reduce the package by an hour to meet your needs. Weddings are expensive enough, there is no reason to pay for something you don't need!

Do we have to have an engagement session?

No, while we do suggest an engagement session so you can ensure you are comfortable in front of the camera with KEP and us, we can customize your package to add an hour to your wedding day coverage in lieu of your engagement session.

Can we talk about our photography vision?

Absolutely, email or give us a call to set up a time to talk how we can help capture your special memories.
